To sum it up, the LUT Summer School broadened my view of the daily world, challenged me at times both intellectually and socially, gave me more confidence, introduced me to amazing new people and made me even more determined to complete a Master’s Programme in the future.

Even though Finland is close to Denmark both culturally and geographically, the LUT Summer School was a truly international experience offering me a new outlook on the world.

The LUT Summer School is highly recommendable!

The classes were challenging yet fun, the country was beautiful, the experiences were amazing, and the people I met... Well, that was my favorite part. LUT was an amazing opportunity that I wouldn’t change.
