We explicitly point out that should you, along with this application for the Germany Scholarship, also have planned/plan to apply for another talent or achievement based material sponsorship from foundations and you wish to accept these, then you will, in a timely manner, inform University of Stuttgart.

Matching-Wishes (which sponsors are preferred) *(voluntary information!)*

The Germany Scholarship is financed half by the German Government and half by private sponsors. In case your application for the Germany Scholarship is successful, as a next step to financing your scholarship a sponsor will be selected. Previous experience shows that the choice of sponsors, when desired and possible, is in the interest of all parties (applicants + sponsors) and could lead to an optimization of the allocation (matching). The allocation may result in contacts which may be useful to your future career aspirations.

That is why we offer you the opportunity to personally choose sponsors. There is no obligation to do so! There are no disadvantages if you choose not to provide any information!!

Your matching wishes *have no impact* on the actual decision of the Scholarship Committee, since they only apply after the decision of the commission!

Choice 1: ____________ (drop down)

Choice 2: ____________ (drop down)

Choice 3: ____________ (drop down)

*Note:* Based on the available dedicated and general funds, there might be a different sponsor ranking than the one you desired.
